

To whom it may concern,

Leith and Natalie Miller along with her great children are a great asset to our church here at Gateway. From the moment they entered the building they made it clear that they were not here to be served but to help build the local church that they will be based from. This has been the case with Natalie starting a great puppet ministry in the life of the Church and Leith on the children's church roster.

I am excited about the ministry 'Sally Squad' because I know that the Holy Spirit is behind everything that Natalie creates. Her heart is to see people, young and old, be challenged to consider Christ maybe for the first time and to those who walk with him to go even closer. She is a woman of integrity and will come to your church to work with your vision and to serve in anyway she can.

I highly recommend her to you and know that once she has ministered with you a second date will be arranged before she leaves!

Can I add that you also understand that she is a gift to the Body of Christ here in Australia and we should look after her well. Natalie has sacrificed a lot for her to come to you (Time with her family etc) so please understand this and honor her in every way. She is not motivated by finance at all but as her Pastor I would ask that you bless her abundantly so she can come home refreshed to her family and feel that she can keep ministering in this way. As you can see from her recommendations she is well respected in many parts of the body of Christ.

Thanks again for considering 'sally Squad' it is worth the investment.

God's Blessings

Ps Scott Hanzy Scott
